

Glastonbury Risk Assessment

<p>Activity - Stalls on public highway Position of stalls could block access for emergency vehicles and leave customers too close to road Control measure – stalls need to be located to leave access route clear; barriers erected to keep customers clear of the road Risk – small Responsibility – lay out - day manager/canopy contractor responsible for canopy positioning.</p>
<p>Activity - Collision/access blocked during setup/dismantle Traders cannot always get close to their pitches to load and unload. Attention needs to be paid to other vehicles and pedestrians. Control measure – loading and unloading should be done as quickly as possible. Risk - moderate Responsibility – canopy contractors/day manager/all to be alert to potential hazards.</p>
<p>Activity - Electricity cables causing a trip hazard Control measure - Those requiring electricity will be positioned as close to the electricity source as possible to avoid cables being exposed. The cable that crosses an open area is covered by a rubber mat. Risk – small Responsibility – day manager and traders.</p>
<p>Activity- Fire hazard from stalls cooking food Control measure - stall holders must have appropriate fire extinguisher or fire blanket Risk – small Responsibility – day manager and traders</p>
<p>Activity – Food poisoning risk Control measures - stallholders are vetted by SFM for public liability insurance and are subject to food hygiene legislation, including being registered as food businesses with the local Environmental Health Department. Market duration is limited to 4 hours. Meat stalls have priority for shade and electricity is prioritised for food cooling. Risk - small Responsibility – stallholders are responsible for food hygiene and the safety of their produce.</p>
<p>Activity – Electric shock risk Control measure - stallholders to have RCD trips on electricity supplies; equipment and cables must be tested annually. Cables protected by rubber matting. Risk – small Responsibility – day manager and traders</p>
<p>Activity - Waste generated by stalls causing hygiene/obstruction risk. Control measure - stallholders to remove all waste after the event rather than using public bins. Day manager to carry out final inspection of site. Risk – small Responsibility - all stallholders responsible for their own waste.</p>
<p>Activity - Injury to public attending event. Control measure - first aid kit available from day manager Risk - small Responsibility - day manager</p>
<p>Activity - Severe weather Market location susceptible to rain and high winds. Control measure - four weights must be available for each canopy in the event of high winds. The market will close if necessary in line with the severe weather protocol Risk - moderate. Responsibility - canopy contractor/day manager</p>
<p>Activity- Lost children Control measure - designated lost children officer is the day manager, who will notify the police if the parents do not return within 30 minutes. Risk - small Responsibility - day manager</p>
